

## CURRICULUM VITAE

### NAME

Daryoush Saadat, M.D.

### CURRENT STATUS

#### Private Practice:

Daryoush Saadat, M.D., A.P.C.  
436 N. Roxbury Drive, Suite 115  
Beverly Hills, CA 90210  
(310) 247-9090

Santa Clarita Ear, Nose and Throat Associates  
27879 Smyth Drive  
Valencia, CA 91355  
(661) 259-2500

#### Academic:

Assistant Clinical Professor  
USC School of Medicine  
Division of Facial Plastic and Reconstructive Surgery  
Department of Otolaryngology -  
Head and Neck Surgery  
Los Angeles, CA

### EDUCATION

#### Fellowship:

Facial Plastic and Reconstructive Surgery (2000-2001)  
USC School of Medicine  
Los Angeles, CA

#### Residency:

Otolaryngology - Head and Neck Surgery (1996-2000)  
USC School of Medicine  
Los Angeles, CA

#### Internship:

Surgery (1995-1996)  
USC School of Medicine  
Los Angeles, CA

#### Medical School:

USC School of Medicine (1990-1995)  
May 1995

#### Degree:

**MD**

#### College:

California State University (1986-1990)  
June 1990

#### Degree:

**BA** - Honors in Biology

Major: Cell and Molecular Biology

**BOARD**

American Board of Otolaryngology - May 7, 2001

**CERTIFICATION**

American Board of Facial Plastic and Reconstructive  
Surgery - Oct., 2003

**HOSPITAL APPOINTMENTS**

Century City Hospital	2002 - 10/03
Cedars-Sinai Medical Center	2001 - present
Midway Hospital Medical Center	2001 - present
Brotman Medical Center	2001 - present
Glendale Adventist Medical Center	2001 - 4/03
Henry Mayo Hospital	2001 - present
LAC & USC Medical Center	2000 - present

**COMMITTEES**

USC School of Medicine Medical Student Interviewing	1997 - present
--	----------------

**CLINICAL TEACHING**

Resident and Medical School Teaching USC School of Medicine Los Angeles, CA	2000 - present
National Sculptra Trainer Sanofi-Aventis Pharmaceutical Company	2005 - present

**AWARDS, SCHOLARSHIPS AND FELLOWSHIPS**

Alpha Omega Alpha National Honor Society  
Dean's Scholar for Academic Excellence  
Departmental Recognition for Performance in Gross Anatomy  
Baxter Foundation Fellowship, 1994-95  
Dean's Academic Scholarship, 1994-95  
5<sup>th</sup> Year Research Tract Fellowship, 1993-94  
Baxter Foundation Fellowship, 1992-93  
Baxter Foundation Fellowship, 1991-92  
Dean's Academic Scholarship, 1991-92  
Pasadena Counsel on Alcoholism and Drug Abuse, University of Utah 1991  
Ivler Scholarship, 1990-91

## RESEARCH PUBLICATIONS

1. Saadat D, Saadat P: Bell's Palsy and its management with steroids. USC J Med. 6:14-17, 1994
2. Kitano H, Takeda T, Pulec JL, Saadat D, Uchida K: The relationship between vasopressin and endolymphatic hydrops in the guinea pig. ENT J 73:921-25, 1994
3. Saadat D, O'Leary DP, Pulec JL, Kitano H: Comparison of Vestibular Autorotation and Caloric Testing. Otolaryngol Head Neck Surg 113 (3):215-22, 1995
4. Pulec JL, Saadat D: Multichannel cochlear implantation in a child with Brachmann-de Lange Syndrome. Otolaryngol Head Neck Surg 113 (5):641-3, 1995
5. Sinha UK, Saadat D, Miller CA, Linthicum FH: Temporal bone findings in Alzheimer's disease. Laryngoscope 106(1):1-5, 1996
6. Ng M, Saadat D, Sinha UK: Managing the emergent airway in LeFort fractures. J Craniomaxillofacial Trauma 4(3):38-43, 1998
7. Saadat D, Ng M, Vadapalli S, Sinha UK: AlloDerm myringoplasty for traumatic tympanic membrane perforations. Submitted to Laryngoscope
8. Saadat D, Davis LL, Maceri MR, O'Leary DP: High frequency horizontal vestibule-ocular reflex testing in normal children. To be submitted to Otolaryngol Head Neck Surg
9. Saadat D, O'Leary DP: High frequency vertical vestibule-ocular reflex testing in normal children. In Progress.
10. Saadat D, Sinha UK, Rice DH: Use of AlloDerm implant as an interpositional barrier to prevent Frey's Syndrome after parotidectomies. In Progress.
11. Saadat D, Dresner S: Is blepharoplasty safe in dry eye patients? Submitted to Archives of Facial Plastic Surgery

## **RESEARCH PRESENTATIONS**

1. Saadat D, O'Leary DP, Davis LL: Comparison of Vestibular Autorotation and Electronystagmographic Caloric Testing. USC Research Forum, Los Angeles, California, March 1992.
2. Saadat D, Davis LL, O'Leary DP: Comparison of Vestibular Autorotation and Electronystagmographic Caloric Testing. American Federation for Clinical Research, Carmel, California, February 1994
3. Saadat D, O'Leary DP, Pulec JL, Kitano H: Comparison of Vestibular Autorotation and Electronystagmographic Caloric Testing. 38<sup>th</sup> Japanese Equilibrium Society, Matsue, Japan, November 1994.
4. Kitano H, Takeda T, Pulec JL, Saadat D: The relationship between vasopressin and endolymphatic hydrops in the guinea pig. Clinical Application of Vestibular Science, UCLA, Los Angeles, California, February 1994.
5. Saadat D, Davis LL, Maceri MR, O'Leary DP: High frequency vertical vestibule-ocular reflex testing in normal children. USC Research Forum, Los Angeles, California, March 1994.
6. Saadat D, Davis LL, Maceri MR, O'Leary DP: High frequency vertical vestibule-ocular reflex testing in children I. normal subjects. 98<sup>th</sup> Annual Meeting of The American Academy of Otolaryngology-Head and Neck Surgery, San Diego, California, September 1994.
7. Sinha UK, Saadat D, Miller CA, Linthicum FH. Temporal bone findings in Alzheimer's disease. Western Section of the Triological Society, Scottsdale, Arizona, January 1995.
8. Saadat D, Ng M, Vadapalli S, Sinha UK: AlloDerm myringoplasty for traumatic tympanic membrane perforations. Western Section of the Triological society, Denver, Colorado, January 1999.
9. Saadat D, Dresner S: Is blepharoplasty safe in dry eye patients? Annual Meeting of The American Academy of Facial Plastic and Reconstructive Surgery Society of COSM, Palm Desert, California, May 2001.

## **PROFESSIONAL MEMBERSHIP**
